

Vishwa Balamurugan

Cloud Support Engineer

ABOUT

I'm a cloud-focused engineer passionate about designing scalable and reliable cloud solutions. I specialize in optimizing infrastructure, enhancing system performance, and ensuring seamless deployments. Currently, I'm also exploring DevOps methodologies to streamline operations and improve cloud efficiency.

EXPERIENCE

Cloud Support Engineer

Sevael Technologies (Full Time)

Client : Daimler

Aug 2022 - Present

- I have been responsible for managing, troubleshooting, and optimizing cloud infrastructure across AWS and Azure.
- My role involved proactive monitoring, incident management, and CI/CD pipeline maintenance to ensure high availability and performance of cloud-hosted applications.
- Worked closely with development and DevOps teams to streamline deployments, automate infrastructure, and enhance security postures using IAM, encryption, and logging mechanisms.
- Have developed and maintained Bash and Python scripts to automate repetitive tasks, improving system efficiency and reducing manual effort.
- Have diagnosed and resolved system and application issues on Windows and Linux-based environments, minimizing downtime and improving reliability.
- Provided end-to-end application support, ensuring smooth deployments, security compliance, and high availability of cloud-hosted applications.
- Leveraged GitHub for version control and collaborated with teams to streamline CI/CD pipelines for efficient software releases.
- Led troubleshooting efforts for performance bottlenecks, identifying root causes and implementing permanent fixes.
- Assisted in log analysis and debugging using CloudWatch and Windows and Linux system logs, ensuring quick resolution of incidents.
- Documented best practices, troubleshooting steps, and automation workflows to improve team efficiency and knowledge sharing.

EDUCATION

Bachelor of Mechanical Engineering

Alagappa Chettiar Govn College of Engg and Tech

Jun 2018 - Jul 2022

- Graduated with honors

+917871568409

Key Competencies

Agile Methodologies
Communication Skills
Collaboration and
Teamwork
Problem-Solving

Skills :

Cloud Platforms :

AWS , Azure

Operating Systems :

Linux (Ubuntu), Windows
Server (2019, 2022)

DevOps & Automation :

Git, GitHub, GitHub
Actions, Terraform

Containers &

Orchestration :

Docker, Kubernetes

Scripting :

Python, Bash

Monitoring & Logging :

Prometheus, Grafana,
ELK stack

Databases :

SQL, NoSQL

Languages

Tamil (Native)
English (Proficient)
